76.00
3.78L

Pro Tip

Check the weather conditions before you start your outdoor project. You want consistent warmer weather: temperatures of 10°C or higher, with overnight temperatures not dropping below 0°C for about three days after you're finished. Low humidity conditions are preferable too. Try to avoid painting in direct sunlight.

Premium Exterior Paint
100% acrylic paint + primer.

Copp's has the perfect choice in fencing material for your project and everything else needed to complete the job. Speak to one of our sales associates today for assistance and advice on all of your options.

*Pricing is based on a standard fence design and a straightforward installation layout with posts in concrete. Hardware is included. Per lineal foot pricing may vary depending on site conditions, grade changes, custom design features, gate requirements or other other factors. Prices are before tax and delivery. Due to price fluctuations in the lumber market prices are subject to change.
